

Cookie Policy

As the legal entity İNOVAKADEMİ, we attach importance to the privacy of your personal data.

When processing the data of visitors to <https://inovakademi.com/>, we take into account Personal Data Protection Law No. 6698, its secondary legislation and the decisions of the Personal Data Protection Board, as well as Law No. 5651 on Regulating Publications on the Internet and Combating Crimes Committed through Such Publications.

In this context, your cookie data may be processed on our websites and in applications used on social media.

What is a cookie?

Cookies are small data files sent to users' devices (such as computers, mobile phones and tablets) by the web browser and web server. They enable certain data to be recorded and collected.

What types of cookies are there?

Cookies are intended to provide convenience to users. They are classified by their duration or by the domain to which they belong.

By duration, cookies are divided into **session cookies** and **persistent cookies**.

Session cookies are deleted when the user closes the browser.

Persistent cookies remain on the user's computer or device for a predetermined period.

By domain, cookies are divided into two categories:

First-party cookies are placed by the domain being visited.

Third-party cookies are placed by a different domain. A third-party cookie is involved when someone other than the operator of the visited domain places a cookie on the user's device through that domain.

Why are cookies stored?

İNOVAKADEMİ uses cookies to recognize users, help data subjects make the most effective use of their browsers, improve the user experience, maintain anonymous statistics without user information, and provide promotional material and information about İNOVAKADEMİ.

Is it necessary to use cookies?

Most browsers allow cookies. Disabling cookies may cause websites to slow down.

How can cookies be disabled?

The lifetime of cookies varies according to browser settings. If you prefer not to use cookies, you can delete or disable them through your browser settings.

How are cookies treated under the KVKK?

Although it may not initially appear that personal data is collected through cookies, information retained in the background, such as IP addresses, falls within personal data protection law. Therefore, data obtained through cookies should be considered within the scope of the Personal Data Protection Law (KVKK) only to the extent that it constitutes personal data under Turkish law.
